WORK EXPERIENCE

Lecturer at Green University of Bangladesh	Narayanganj, Bangladesh Oct 2025 – Present
Lecturer at Varendra University	Rajshahi, Bangladesh Jul 2025 – Oct 2025

EDUCATION

Rajshahi University of Engineering and Technology (RUET) B.Sc. in Computer Science & Engineering, CGPA: 3.71 out of 4.00	Rajshahi, Bangladesh Jan 2020 – Jun 2025
Barishal Cadet College HSC in Science GPA: 5.00 SSC in Science GPA: 5.00	Barishal, Bangladesh 2019 2017

RESEARCH AREA

Computer Hardware VLSI FPGA Title: FPGA-based implementation of the Deflate Data Compression Algorithm	Jun 2024 – Jun 2025
--	---------------------

SKILLS

- **Programming Languages:** C, C++, Python, Java, JavaScript, Verilog
- **Web Development:** HTML, CSS, Django
- **Databases:** MySQL, PostgreSQL, SQLite
- **Other Expertise:** Git, Web Scraping, LaTeX, Vivado
- **Interpersonal Skills:** Leadership, Management, Communication, Adaptability, Empathy.

PROBLEM SOLVING

- **Specialist** (Max Rating: 1406) at Codeforces.
- Solved 1000+ problems on Codeforces [↗](#), Leetcode [↗](#).
- **ICPC Asia Dhaka Regional Contest 2024 Onsite** 106th out of 309
Team: RUET_Codebreakers | Standing [↗](#)
- **GyanJam 2024 (Intra-university Programming Contest, RUET)** 5th out of 107
Team: RUET_Codebreakers | Standing [↗](#)
- **AUST Inter University Programming Contest 2025** 45th out of 130
Team: RUET_Codebreakers | Standing [↗](#)
- **UIU Inter-University Programming Contest 2025** 86th out of 160
Team: SOS | Standing [↗](#)

PROJECTS

CPU Design | Digital Logic Gates, Verilog

Apr, 2024

- 5-bit CPU designed to be capable of performing various fundamental operations such as addition, right rotation, and jump instructions.
- Built from scratch using basic logic gates, demonstrating the core principles of computer architecture.

Shutdown Scheduler | Python, Tkinter

Oct, 2022

- Allows users to schedule shutdown, restart, sign out, hibernate, and screen off actions at a specific time or after a set duration.
- Uses system commands and monitors system activity, and automatically shuts down the PC if it remains idle for a predefined period.

Personal Painting Website | Python, Django, HTML, CSS

Feb, 2025

- A website to showcase your portraits, acrylic paintings, and sketches with a responsive design.
- Users can view the website, whereas only the admin can add, edit, or delete paintings and specify the medium used.

CERTIFICATIONS & AWARDS

- Python (Django) by Enhancing Digital Government & Economy Project (EDGE) | Credential [!\[\]\(b6d55d0b173caf9b2505126db01e6158_img.jpg\)](#)
- The 2024 ICPC Asia Dhaka Regional Onsite Contest | Credential [!\[\]\(12811766810e4126d2bed4d8c0808e60_img.jpg\)](#)
- Talent Pool Scholarships in HSC-2019, Barishal Board (rank: 4), SSC-2017, Barishal Board (rank: 4).
- 1st in Painting at Inter Cadet College Literature and Music Meet 2018 — Hosted by Sylhet Cadet College

ADDITIONAL

- Painting to express my thoughts and creativity. Prize holder in different national competitions
- Exploring innovative solutions and continuously learning new technologies, especially in coding.
- Travelling and Cycling. Have a milestone of 117 KM Cycling in a single day.
- Playing indoor and outdoor games. Have good skill in Table Tennis, Chess, Cards.
