WORK EXPERIENCE

Green University of Bangladesh

Lecturer, Dept. of Computer Science & Engineering

Taught Object-Oriented Programming, Digital Logic Design, Data Mining, and Artificial Intelligence, along with their labs and Industrial Training. Mentored students in competitive programming and projects.

Narayanganj, Bangladesh

Oct 2025 – Present

Varendra University

Lecturer, Dept. of Computer Science & Engineering

Taught Computer Graphics and its lab, covering rendering algorithms, color models, and graphics programming. Guided lab sessions and coached competitive programming.

Rajshahi, Bangladesh

Jul 2025 – Oct 2025

EDUCATION

Rajshahi University of Engineering and Technology (RUET)

B.Sc. in Computer Science & Engineering,

CGPA: **3.71** out of 4.00

Rajshahi, Bangladesh

Jan 2020 – Jun 2025

Barishal Cadet College

HSC in Science | GPA: 5.00

SSC in Science | GPA: 5.00

Barishal, Bangladesh

2019

2017

RESEARCH AREA

Computer Hardware | VLSI | FPGA

Title: FPGA-based implementation of the Deflate Data Compression Algorithm

Jun 2024 – Jun 2025

PROJECTS

Gate Forge | HTML, CSS, JavaScript, Claude AI ↗

Aug, 2026

- Design and simulate digital logic circuits using basic logic gates.
- Practice with interactive tutorials and logic problems for hands-on learning.
- Built for education, helping users understand digital logic design concepts.

Daily Life | HTML, CSS, JavaScript, Firebase, Claude AI ↗

May, 2026

- Responsive web application for task, finance, and goal management.
- Visualizes task progress and financial data through interactive charts.
- Tracks daily habits, including good and bad habits.

Personal Painting Website | Python, Django, HTML, CSS ↗

Feb, 2025

- Responsive Django site to showcase portraits, paintings, and sketches, with an admin-only panel to manage the gallery.

CPU Design | Digital Logic Gates, Verilog ↗

Apr, 2024

- 5-bit CPU built from scratch with basic logic gates, supporting addition, right rotation, and jump instructions.

Shutdown Scheduler | Python, Tkinter ↗

Oct, 2022

- Desktop app to schedule shutdown, restart, sign-out, hibernate, or screen-off actions, with idle-based auto-shutdown.

SKILLS

- **Programming Languages:** C, C++, Python, Java, JavaScript, Verilog
- **Web Development:** HTML, CSS, Django
- **Databases:** MySQL, PostgreSQL, SQLite
- **Other Expertise:** Git, Web Scraping, LaTeX, Vivado
- **Interpersonal Skills:** Leadership, Management, Communication, Adaptability, Empathy.

PROBLEM SOLVING

- **Specialist** (Max Rating: 1406) at Codeforces.
- Solved 1000+ problems on Codeforces [↗](#), Leetcode [↗](#).
- **ICPC Asia Dhaka Regional Contest 2024 Onsite** 106th out of 309
Team: RUET_Codebreakers | Standing [↗](#)
- **GyanJam 2024 (Intra-university Programming Contest, RUET)** 5th out of 107
Team: RUET_Codebreakers | Standing [↗](#)
- **AUST Inter University Programming Contest 2025** 45th out of 130
Team: RUET_Codebreakers | Standing [↗](#)
- **UIU Inter-University Programming Contest 2025** 86th out of 160
Team: SOS | Standing [↗](#)

CERTIFICATIONS & AWARDS

- Python (Django) by Enhancing Digital Government & Economy Project (EDGE) | Credential [↗](#)
- The 2024 ICPC Asia Dhaka Regional Onsite Contest | Credential [↗](#)
- Talent Pool Scholarships in HSC-2019, Barishal Board (rank: 4), SSC-2017, Barishal Board (rank: 4).
- 1st in Painting at Inter Cadet College Literature and Music Meet 2018 | Hosted by Sylhet Cadet College

ADDITIONAL

- Painting to express my thoughts and creativity. Prize holder in different national competitions
- Exploring innovative solutions and continuously learning new technologies, especially in coding.
- Travelling and Cycling. Have a milestone of 117 KM Cycling in a single day.
- Playing indoor and outdoor games. Have good skill in Table Tennis, Chess, Cards.
